

Music streaming: Spotify

There are many music streaming services available online such as Apple Music, Amazon Music, Deezer and Spotify. Some require a monthly subscription whereas Spotify and Deezer offer free versions, funded by advertisements. (Monthly subscriptions are required if you want to listen to the music when you are not connected to the internet and without advertisements).

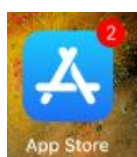

In order to use these services on your tablet or smart phone you have to first install the app.

The following example is for Spotify.

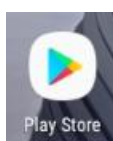

Search for the app in the relevant store.

iPad

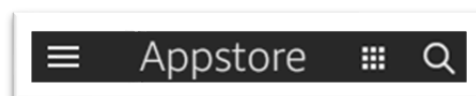

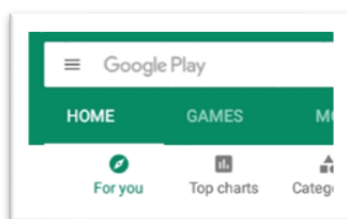

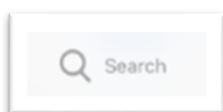

Android device

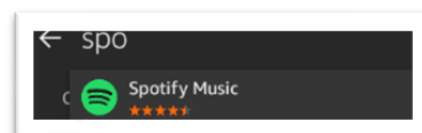

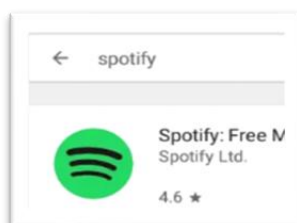

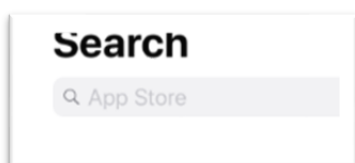

Kindle Fire

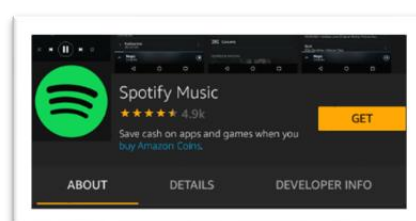

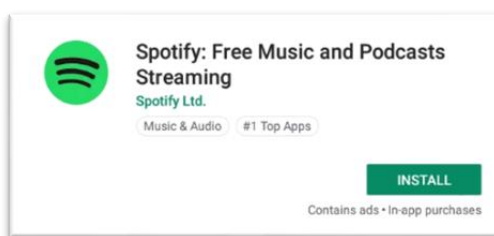

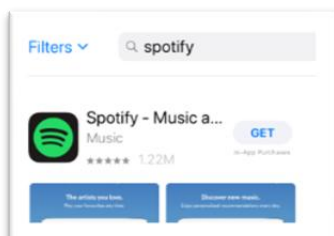

Tap on **Search** (usually a magnifying glass)

Type in **Spotify**

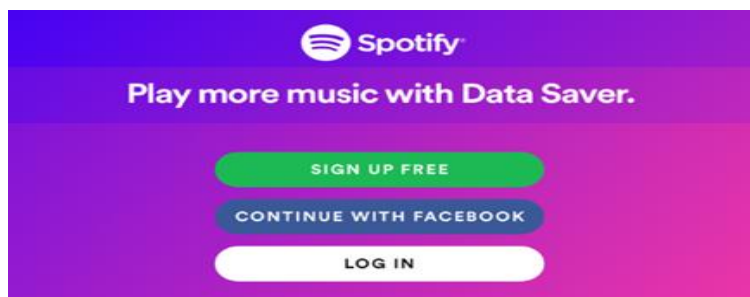

Tap **Get** or **Install** (depending on your device)

You may be asked to enter your App store password depending on how you have your device set up.

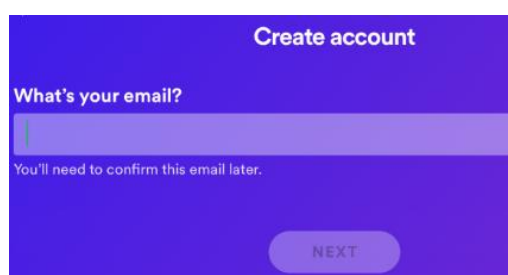

Libraries NI is not endorsing or promoting any product, service or company mentioned in this document and other products are available

The app is free to install, however you will be prompted to sign up for subscription services. You may be offered a free trial period of up to 3 months depending on the service but if you are not interested just select the **Not Now** option. *You cannot be charged for anything if you have not given the service your payment details.*

The first time you open the Spotify app you will be asked to sign in or register.

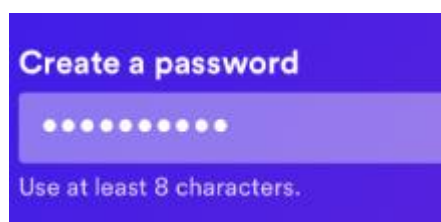

Tap **Sign Up Free**

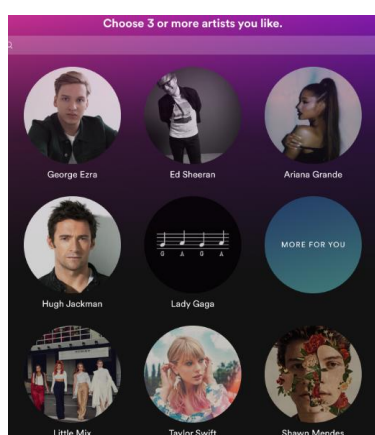

You will be asked to type in your email address, create a password, enter your date of birth and provide a profile name (this is the name that everyone will see).

What's your date of birth?

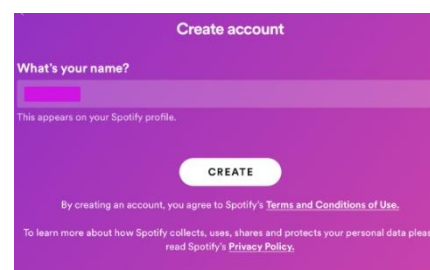

Tap **NEXT** once you have typed in the information. This option is only available once you have answered the question.

You will be prompted to add artists or types of music you like to help you get started.

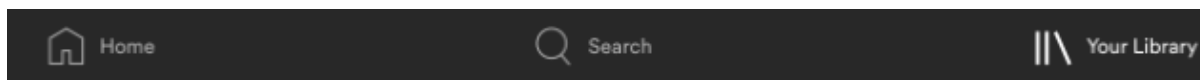

When you have finished tap on **CREATE**

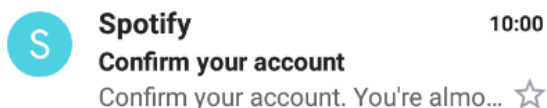

The Home page will show you popular playlists and albums
You can search for specific artists, songs and podcasts. You can also search by genre

Libraries NI is not endorsing or promoting any product, service or company mentioned in this document and other products are available

Tap **Your Library** for your playlists. You will also find special collections based on music you have listened to.

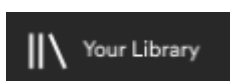

Once you have finished setting up your Spotify account you will be asked to **Confirm your account**. Check your email and click on the link to complete your registration.

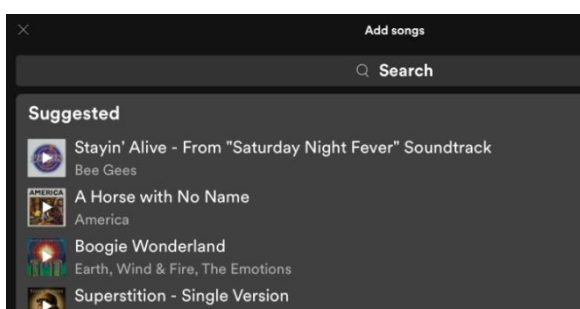

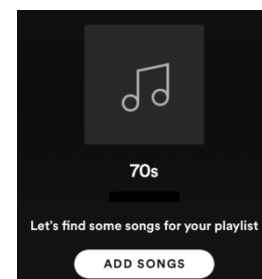

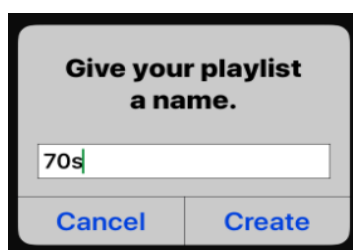

Creating a playlist on Spotify.

Tap **Your Library**

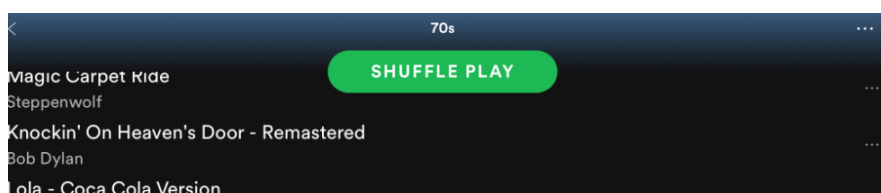

Tap **Playlists**

Tap **Create playlist**

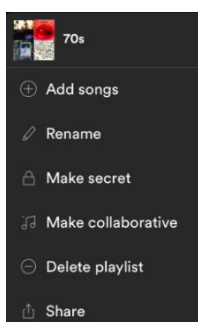

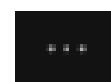

Tap on the + sign beside a song to add it to your playlist.

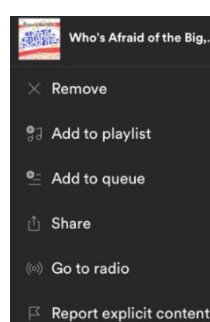

Tap on the first song and it will play all of your songs in order or tap on **Shuffle Play** to mix it up. When you are listening to your playlist **Shuffle Play** will change to **Pause**. Tap **Pause** to stop listening

The 3 dots give access to other options. At the top of the page the options refer to the playlist. At the end of each song the 3 dots refer to the song options.

You can add more songs, rename the playlist, make it secret or collaborative or delete it.

You can remove a song from a playlist, add it to another one or to a queue, share it or report explicit content
